

Canon

COLOR DIGITAL PRESS

 **imagePRESS C65**

MAKE A BRILLIANT IMPRESSION.

AT-A-GLANCE

imagePRESS C65 shown with optional accessories.

AMAZING COLOR

- High-resolution imaging at 2400 x 2400 dpi with R-VCSEL laser technology
- Vibrant images on a wide variety of media with CV Toner and Advanced Image Transfer Belt
- Consistent, stable output with automatic calibration for reproducible proofs and comps
- Professional color matching tools for accurate simulations and predictable reproduction of colors
- Precise registration with the Compact Registration Module

CREATIVE CHOICES

- Attention-getting stock variety, including thick, thin, uncoated, coated, textured, and recycled, in weights up to 110 lb. Cover (300 gsm)
- Canon's Gloss Optimization technology tailors the gloss level of the toner image so final output can give the true appearance of the media chosen for the desired creative expression
- Up to 7,650-sheet feeding capacity with up to six different sources
- Array of optional in-line, post-processing accessories for the finishing touch of presentation pieces and samples

DESIGNED FOR CREATIVE FIRMS AND DESIGN PROFESSIONALS

SHOWCASE YOUR CREATIVITY

Bring your ideas to life in brilliant color. With a range of breakthrough technologies, the imagePRESS C65 color digital press delivers precise 2400-dpi resolution, highly accurate registration, and truly consistent output. A wide color gamut helps ensure exacting color matches to brand colors and original art. And in-line finishing lets you efficiently produce layout proofs, press-proof comps, packaging markups, and more.

OPTIMIZE COLOR WORKFLOWS

Enjoy a competitive edge with advanced job management tools that quickly, easily, and cost-effectively produce stunning results. Both the server-type imagePRESS Server H300 and the embedded imagePRESS Server G100, built on EFI's Fiery® FS150 Pro platform, precisely match color to other presses and optimize workflows with true simulations that yield reliable color results. Multiple files can be combined and finished documents created with just a few clicks.

MEET CRITICAL DEADLINES

Significantly faster than its predecessor, the imagePRESS C65 outputs jobs rapidly. Fast warm-up and first-copy-out times allow you to see results in a flash. Reliable paper-feeding and advanced fusing technologies keep productivity high, so deadlines are met with ease.

RESPECT THE ENVIRONMENT

The imagePRESS C65 incorporates eco-conscious solutions you've come to expect from Canon. Meeting ENERGY STAR® standards, rated EPEAT Gold, and RoHS compliant, it will help you minimize your organization's environmental impact and lower energy costs.

BUILD YOUR BUSINESS

Count on Canon to provide the solutions that will help you build existing accounts and impress prospective clients. With a deep understanding of the creative process and the production environment, Canon meets your complex color demands with high efficiency and impressive reliability.

READY WHEN YOU ARE

- Output speeds of up to 65 images per minute (color and B/W)
- Automatic duplexing on up to 110 lb. Cover (300 gsm)
- Maintains rated speed on uncoated stocks up to 80 lb. Cover (220 gsm)
- Readily available with fast warm-up and first-print-out times
- imagePRESS Server H300 and imagePRESS Server G100 deliver the quality performance studios need

SMALL AND SCALABLE

- Base configuration with small footprint to fit even into tight spaces
- Modular design allows configuration choice that best fits your needs
- Choice of external server or embedded controller

ENVIRONMENT

- Can help reduce organizations' environmental impact and energy cost
- Meets ENERGY STAR® standards
- Rated EPEAT Gold
- Compliant with RoHS
- Recyclable toner bottles
- No VOCs in consumables

POWERFUL, COMPACT, AND SCALABLE

SOLUTIONS DESIGNED FOR YOUR OPERATION

Ideal for design professionals in the creative community, packaging design, and architectural firms, the scalable configuration of the imagePRESS C65 color digital press offers various finishing and paper-feeding options.

1 STAPLE FINISHER-T1 AND BOOKLET FINISHER-T2

Corner- or two-point staple up to 50 sheets or saddle-stitch* up to 64-page booklets. Stack and finish sheets in Letter, Legal, 11" x 17", and 12" x 18" sizes.

2 PUNCH UNIT

Optional 2/3-hole punch unit for Staple Finisher-T1 and Booklet Finisher-T2.

3 STAPLE FINISHER-W1 AND BOOKLET FINISHER-W1

Corner- or two-point staple up to 100 sheets or saddle-stitch* up to 100-page booklets. Stack and finish standard and custom paper sizes up to 13" x 19.2". An external side jogger keeps paper in neat stacks, and an optional 2/3-hole puncher is also available.

4 MULTI FUNCTION PROFESSIONAL PUNCHER-A1**

Perfect for presentations, this module offers numerous die patterns to take some of the manual labor out of the binding process. It also enables in-line creasing.

5 OUTPUT TRAY

Use the output tray to conveniently catch up to 250 flat sheets of standard and specialty stocks. Sheets stay smooth and even, ready for your client presentation.

6 STACK BYPASS

Quickly produce proofs or presentation slicks on special paper stocks. The Stack Bypass holds up to 100 sheets in sizes up to 13" x 19. Feeding up to 30" long sheets requires the long sheet tray option.

7 POD DECK LITE

The POD Deck Lite offers a 3,500-sheet capacity and maximum size of 13" x 19.2". Accommodates all supported media weights and types, including envelopes.

8 MULTI-DRAWER PAPER DECK

Three paper drawers offer a 6,000-sheet capacity and maximum size of 13" x 19.2". All drawers accommodate all supported media weights and types except envelopes.

Note: Feeding and finishing capacity based on 20 lb. Bond paper.

* Available only on Booklet Finisher or Saddle Finisher.

** Not available at initial launch.

imagePRESS SERVER H300/G100

Fiery technology for outstanding image quality and automated workflows.

EFFICIENT JOB MANAGEMENT

An intuitive print management interface for Fiery servers, the Command WorkStation® 5.5 centralizes and helps simplify job management. Users can monitor and direct jobs, automate workflows, and preview and adjust documents.

WORK ACROSS PLATFORMS

These imagePRESS Servers integrate smoothly with your various prepress workflows, as well as select, third-party software and EFI™ solutions.

SPOT-ON™ COLOR MATCHING

The powerful Spot-On utility helps take the guesswork out of color matching, offering an intuitive interface that makes it fast and easy to define or modify spot colors. It's an ideal way to reproduce corporate or brand colors precisely.

DIRECT PRINTING FROM APPLE® MOBILE DEVICES

Enhance press accessibility with the power to print directly from Apple iPad® and iPhone® devices.* Using an enterprise's wireless connection, users can securely print from the native print feature of a mobile device.

CANON PRESS CONSOLE

The Canon Press Console offers easy access to operator settings such as the media library, press stability controls, and output appearance settings.

FS200 PRO PLATFORM**

The Canon imagePRESS Server H300 is built on EFI's Fiery FS200 Pro platform. FS200 Pro offers fast processing, superb image quality, extensive imaging features, and simple, automated workflows.

* Supported on Apple devices running iOS 4.2 or later.

** The imagePRESS Server G100 runs on the Fiery FS150 Pro platform..

imagePRESS Server G100

STANDOUT PRESENTATIONS

FEATURES THAT EXPRESS YOUR CREATIVITY

VERSATILITY

Thanks to the combination of the CV Toner's smooth particles and low melting point with the Advanced Image Transfer belt, reliable color registration and toner adhesion for vibrant images are achieved on all supported stocks. The imagePRESS C65 color digital press can run a range of paper stocks at weights from 14 lb. Bond up to 110 lb. Cover (300 gsm) in gloss, uncoated, and vellum finishes.

GLOSS OPTIMIZATION

Output creative concepts and production proofs on your house stock or the media best supporting your design intent. Unique imagePRESS Gloss Optimization Technology allows images to closely match the gloss levels of the media specified. Fine papers with smooth, rough, or textured surfaces, such as eggshell and felt, can add a special tactile experience to your presentation material for a longer-lasting impression.

FINISHING TOUCHES

True-size comps and proofs can be produced on sheet sizes up to 13" x 19.2" and up to 13" x 30" with the long sheet feeding and output options. Use the output tray to conveniently catch flat sheets on special stocks. Sheets stay smooth and even, ready for your client presentation. Easily create saddle-stitched brochures and programs with the in-line saddle finisher. Or, produce ready-to-bind, lay-flat presentations with the in-line professional puncher.

DEPENDABLE PERFORMANCE

MEET EACH DEADLINE WITH EASE

REAL-TIME CALIBRATION

With automatic, real-time calibration and tools to reduce calibration time, the imagePRESS C65 delivers high-quality, repeatable, predictable output with minimal operator intervention.

ADVANCED FEEDING TECHNOLOGIES*

Keep work moving smoothly when you need it with advanced paper feeding technologies. Double-feed detection, Air Suction, Air Separation, and Air Assist features provide reliable, accurate paper feeding of all supported stocks, including coated papers.

ACCURATE REGISTRATION

Combined with the imagePRESS C65's self-centering drawers, the Compact Registration Module helps deliver accurate, front-to-back registration, sheet after sheet.

HUMIDITY SENSOR/AIRFLOW UNIT

The controlled internal environment and airflow help maintain consistent, high-quality images across print runs.

FAST OUTPUT

With a start-up time of six minutes or less and a first-copy-out speed of under 7.7 seconds, the imagePRESS C65 is ready when you need it. Production speeds of up to 65 ipm on a wide range of media help keep you on track.

TEAMING WITH CANON

A COMPETITIVE ADVANTAGE

Canon can help you increase productivity and improve your bottom line. Its extensive print experience translates to deep insight into industry characteristics and trends as well as customer goals and challenges. Canon's understanding of various printing markets allows it to tailor solutions to meet your specific needs.

TOTAL SOLUTIONS

The Canon portfolio of technology offerings is among the broadest in the industry. From digital, web-fed, and wide-format systems to inkjet, photo printers, and workflow solutions, Canon has a customized solution for your business.
